

GEOCENTER MØNS KLINT

Welcome to GeoCenter Møns Klint - Denmark's cool science centre.

Learn and play your way through Denmark's astonishing past - 70 million years back in time.

Join the hunt for ferocious dinosaurs and learn about the Tertiary Period when meteor showers and super-volcanoes wiped out $\frac{2}{3}$ of all life, about the Quaternary Period with its ginormous ice glaciers and the creation of the amazing nature - and the most stunning nature in Denmark at Møns Klint.

More than 20 activities await adventurers of all ages - plenty experiences for more than one visit!
