

M/S MARITIME MUSEUM OF DENMARK

One hundred years old and a brand new museum. From a distance, it is almost invisible, but below ground, in the middle of the newly renovated Culture Harbor Kronborg in Elsinore and neighboring the majestic Kronborg Castle, is Denmark's maritime museum, the M/S Maritime Museum of Denmark.

If one follows the gently sloping bridges down to the old dry dock, one will experience one of the recent year's most spectacular new buildings in Denmark.

The M/S Maritime Museum of Denmark tells the story of Denmark as one of the world's leading maritime nations, in an evocative and dramatic way, within an innovative architectural setting designed by the award winning architectural firm, BIG – Bjarne Ingels Group. But the museum is not so new.
