THERE IS SOMETHING ABOUT SAILING

Welcome aboard

Have an enjoyable break at sea – with Scandlines

A crossing on a Scandlines ferry will be a unique experience for your customers – inhaling the bracing sea air, gliding over the waves of the Baltic Sea or Öresund and enjoying the maritime atmosphere of the harbor towns and cities. Your guests have time on board for eating, relaxing and shopping.

All passengers receive a maritime experience in a class of its own! The new ferries on the crossing Rostock-Gedser offer an exceptional variety for bus groups that are using this popular ferry crossing to and from Scandinavia.

Our different meal outlets on board offer carefully selected delicacies. For Scandlines, the quality of the dishes and satisfied guests are a key priority. For this reason, we are pleased that our customer surveys show a high level of satisfaction with the food on board among our bus groups.

On both the Puttgarden-Rødby and the Rostock-Gedser crossings we offer the popular Scandlines Buffet all inclusive - eat and drink all you can! During the day we offer breakfast, lunch and dinner buffets. At the Helsingør-Helsingborg crossing your guests can stay on board the ferry "M/S Aurora" during a number of crossings while eating in the maritime Waves Restaurant and enjoying the beautiful view to Kronborg Castle. Please note that the bus will stay in the harbor during such crossings on "M/F Aurora".

At all three crossings the cafeteria foodXpress also offers a wide range of freshly prepared sandwich products, hot and cold meals and drinks.

The Onboardshop and the perfumery on board provide your guests a huge and attractive assortment of perfumes and cosmetics of well-known brands. Further, they can purchase wine, spirits, beer, soft drinks, sweets, accessories – or popular Scandinavian specialities as souvenirs.

Group menus

At the Puttgarden-Rødby and Rostock-Gedser crossings we offer a selection of group menus which can be ordered in advance. Special menus for groups of children and young people are also available. With a wide range of delicious breakfast, lunch and evening meals, our group menus include something for everyone! With the world's largest hybrid ferries - in the deep blue sea

A high frequency of sailings and short crossing times – Scandlines is a byword for maritime-inspired routes across the Baltic Sea, and the greatest possible flexibility in relation to ferry traffic to the Danish holiday islands and Southern Sweden.

Of course, in this case, efficiency has to involve travel that is good for the environment. By using state-of-the-art hybrid technology and exhaust gas cleaning systems, we are cutting our sulphur and fine dust emissions by more than 90% and significantly reducing CO2 emissions. In doing so, we are the first international ferry company to prove that hybrid drives can be used successfully in this respect to protect the environment.

Travel on the Rostock-Gedser route with the "Berlin" and "Copenhagen", the world's largest hybrid ferries. With space for 1300 passengers the brand-new ships are real powerhouses, which reliably cross the Baltic Sea up to 20 times a day. The green transformation is already complete for all 4 double-ended ferries on the Puttgarden-Rødby line too. These ships run every 30 minutes and offer a crossing time of just 45 minutes. Due to the Vogelfluglinie, Puttgarden is a passenger port with the highest throughput in Germany with more than 6 million passengers every year.

The vision of Scandlines is to deploy emission-free ferries on the ferry crossing Puttgarden-Rødby. Therefore, we invest in technology and are at the same time moving towards an environmentally friendly future.

We are looking forward to welcome you and your guests on board our ferries in 2019!
